Item No. 23 To issue Corporate Guarantee upto ₹481 Crore for banking facilities on behalf of Indofast Swap Energy Private Limited, a Joint Venture Company of IndianOil.

IndianOil and Sun Mobility Pte. Ltd., Singapore (SMS) have formed a 50:50 Joint Venture Company named 'Indofast Swap Energy Private Limited' (ISEPL) on 15.07.2024 for carrying out battery swapping business in India.

As of March 31, 2025, ISEPL has significantly expanded its network of Quick Interchange Stations (QIS) and onboarded a substantial number of vehicles on its platform. The Board has approved the business plan for 2025-26, which includes further expansion of battery swapping infrastructure and deployment of battery packs, for which capex funding will be required. The company aims to considerably scale up both its vehicle onboarding and infrastructure deployment in the coming year.

To meet its Capex requirement, in addition to the option of equity infusion from the promoters, ISEPL is also engaging with multiple banks and financial institutions to secure the required debt funding. As ISEPL is in the initial growth phase of its operations in India without any proven financial performance, the options for project financing are limited. The banks have indicated that they would require a firm commitment from promoters, in the form of a Corporate Guarantee (CG).

The Board of ISEPL has accorded approval for seeking CG for ₹962 Crore from IndianOil and SMS in the ratio of 50:50 (i.e. CG for ₹481 Crore by IndianOil), to secure the funds to be borrowed from one or more banks, alongwith payment of CG fees as per the policy of respective promoters.

As per provisions of Section 185 of the Companies Act, 2013 and Rules thereunder, if a Director on IndianOil Board is also a Director on Board of ISEPL, which is a Private Limited Company, then IndianOil can provide loans or issue CGs in favour of banks on behalf of ISEPL only upon approval by the Members of IndianOil through a Special Resolution passed at a General Meeting. Considering the anticipated growth in activities of ISEPL and rapidly changing scenario of EV charging business, a Functional Director of IndianOil may be nominated on the Board of ISEPL.

Accordingly, as required under section 185 of the Companies Act 2013, approval of Members is sought through Special Resolution to provide CGs in future in favour of banks on behalf of ISEPL upto a limit of ₹481 Crore.

None of the Directors/Key Managerial Personnel of the Company and their relatives is, in anyway, interested or concerned in the resolution.

The Board recommends the Special Resolution as set out in the Notice for approval by the members.
